

MANUFACTURING ACCOUNTANT

JOB REF: 0471

Our client is a progressive and award-winning company who provides innovative solutions to the global recycling, quarrying and mining industries. Due to continued growth they are now looking to strengthen their Finance team with the addition of an experienced Manufacturing Accountant.

Job Purpose

The successful candidate will be responsible for the accounting and reporting of the Group's manufacturing operations. This will involve working closely with the central finance team and each of the departments across the site to develop accurate costings, prepare annual budgets and monthly forecasts, provide in-depth cost variance analysis and drive process improvements.

Responsibilities:

- Assisting with the preparation of the monthly management accounts, together with detailed analysis of production and expenditure variances.
- Preparing monthly balance sheet reconciliations for production related accounts.
- Creating standard costs and maintaining the costing system.
- Ensuring accurate calculation of labour, machine and overhead absorption rates.
- Monitoring, analysing and reporting on the impact of cost changes within the business.
- Review of monthly inventory valuation and reconciliation to the general ledger, analysis of large movements and calculation of the stock provision.
- Supporting the development and implementation of forecasting, reporting and system enhancements.
- Providing guidance and financial support to the site management team and central finance department.
- Assisting with the preparation of the annual budget and monthly forecasts.
- Driving continuous improvement and cost reduction activities.
- Ad-hoc analysis and reporting as and when required.

Person Specification

- *Qualified Accountant (CIMA/ACCA/ACA)*
- *Degree Qualified (or equivalent) minimum 2.1*
- *A minimum of 2 years-experience in a cost accounting role*

Hours of work Monday-Thursday 7.30am-5pm Friday 7.30am-12.15pm
