

PRODUCTION MANAGER

JOB REF: 0534

Our client is a well-known refurbishment and fit out specialist who provides a range of services and products to the Construction, Marine, Commercial and Private sectors internationally. Due to continued growth and as part of their strategic plan, they now wish to recruit a Production Supervisor for their workshop facility near Limavady.

Job Purpose

The purpose of this job is to manage a small workshop team consisting of machine operatives, welders and assembly personnel to manufacture a range of bespoke products to customer specifications. The person appointed will oversee the health & wellbeing of staff, drive production outputs/requirement, product quality and the overall running/needs of the workshop.

Responsibilities:

- Combining outstanding people skills with strong technical, manufacturing, commercial and business expertise, the successful candidate will lead by example to inspire best practice, using continuous improvement driving towards world-class standards and exceptional customer service.
- Overall responsibility for operational cost, quality and on time delivery.
- Responsible for capacity planning and manufacturing resource planning.
- Select, appraise and train personnel.
- Provide a safe working environment by investigating accidents and near-misses and driving process and behavioural improvement.
- Develop and monitor value stream and individual goals, objectives and growth to improve workshop performance.
- Provide the environment, leadership, innovation and working environment to support actions in the work place to reduce cost of manufacture and increase factory output/efficiency.
- Provide leadership and direction in the development, maintenance and improvement of processes to meet the needs of customers, employees and suppliers.

Person Specification

- Knowledge of manufacturing processes (press, cutting, guillotine, fabrication & assembly) within a metal fabrication business.
- Knowledge and experience of Stainless Steel and Aluminium fabrication
- Experience of managing and leading a small team of workshop personnel
- Self-motivated with a strong desire to find solutions to problems.
- Ability to operate workshop cranes, forklifts and relevant workshop tools/equipment

Benefits

- Salary is up to 35k
