

COMPANY ACCOUNTANT

JOB REF: 0606

Our client is a progressive and award-winning company supplying the Global recycling, quarrying and mining industries with innovative aggregate processing solutions. They are now looking to strengthen their Finance team with the addition of an experienced Company Accountant. This position will be based in Newtownabbey.

Job Purpose

The successful candidate will be responsible for the accounting and reporting of the Group's manufacturing operations. This will involve working closely with the central finance team and each of the departments across the site to develop accurate costings, prepare annual budgets and monthly forecasts, provide in-depth cost variance analysis and drive process improvements.

Responsibilities:

- Preparation of the monthly management accounts and balance sheet reconciliations.
- Providing guidance and financial support to the site management team and central finance department.
- Detailed analysis of sales, production and expenditure variances.
- Preparation of the annual budget and monthly forecasts.
- Ensuring accurate calculation of labour, machine and overhead absorption rates.
- Preparation and distribution of weekly KPIs.
- Monitoring, analysing and reporting on the impact of cost changes within the business.
- Supporting the development and implementation of forecasting, reporting and system enhancements.
- Driving continuous improvement and cost reduction activities.
- Ad-hoc analysis and reporting as and when required.
- Engage regularly with the commercial aspects of the business.
- Any other duties within reason and capability associated with this role.

Person Specification - Essential

- Degree (or equivalent) with a minimum 2.1 (Accounting/Business/Engineering)
- Qualified accountant (CIMA / ACCA / ACA)
- A minimum of 2 years' experience in a manufacturing environment
- Costing experience, including the calculation of overhead absorption rates
- Experience using IFS or similar ERP system
- Ability to work to tight deadlines and make sensible decisions under pressure
- Sound commercial awareness
- Comfortable working in a technical environment
