

SOFTWARE DEVELOPER

JOB REF: 0724

Our client specialises in software for the agricultural industry enabling better use of data to improve the overall productivity of the farm. Following a recent acquisition, the Company would now like to add another Software Developer to their team.

Job Purpose

Reporting to the Product Development Manager, the successful candidate will have a strong web/mobile programming background and will be responsible for the implementation and support of new and existing software solutions for clients in the veterinary and animal health sector.

Responsibilities:

- Responsible for the development and support of new and existing mobile and web applications
- Coordinating with the Product Development Manager, team members and other stakeholders (including clients) to meet business objectives
- Having technical discussions and providing technical expertise to a collaborative team designing and developing mobile and web-based applications
- Identifying problems uncovered by customer feedback and testing, and correct or refer problems to appropriate personnel for correction
- Evaluating code at both a personal and team level, to ensure it meets industry standards, is valid and is compatible with browsers, devices, or operating systems

Person Specification

The successful candidate will have experience (2+ years) and knowledge of the following technologies:

- JavaScript programming experience
- HTML, CSS, JQuery/AJAX
- KnockoutJS, AngularJS or equivalent
- Web development experience (C#, ASP.NET, ASP.NET MVC)
- Native and/or hybrid mobile applications
- Microsoft SQL Server, SQL
- Web service (API) development
- Working knowledge of web servers and web application servers
- Working knowledge of test plans and processes

Remuneration Package

On offer is a salary of £28,000 - £35,000 per annum depending on experience + benefits, working as part of a small team based near Cookstown / Magherafelt. Flexible working and some working from home is also offered.

If you can apply yourself with creativity and intellectual rigour, have exceptional hands-on problem-solving skills and can adapt rapidly to changing circumstances, you'll find there are significant opportunities to progress.

If interested in this role, please contact Con Gallagher on 028 8676 0044 for a confidential chat or submit your CV via the link.

The Company reserves the right to vary criteria at the shortlisting stage.

Spectrum Employment Solutions is an equal opportunities employer and welcomes applicants from all backgrounds.
